MEDIA RELEASE

November 25, 2020

RE: COVID-19 Enhanced Public Health Measures – VERMILION STADIUM

We are working to understand the full impact of the Province's new public health measures at a local level and will continue to communicate the impact these restrictions have as soon as we are able to finalize the information.

We can announce that the Vermilion Stadium ice and curling ice are NOT currently impacted by the Province's new public health measures. The indoor ice surfaces are open as scheduled for use today, November 25, 2020.

Please note that the Town is committed to providing service at the highest level possible while keeping our community's health and safety as the utmost highest priority. It is with that in mind that we move forward with any future precautionary measures that are deemed necessary.

Please stay tuned for further updates on the Town of Vermilion's website and social media channels.
